

DISCOVER *Natur*, the **NEW RANGE** of **ECOLOGICAL CLEANERS** from

Sharing the consumers' concerns about Ecology, Wpro is pleased to present the first specific range of environmental friendly detergents under the name "Natur".

Endorsed by the European Ministry of Environment, the Eco label is a **guarantee that products are 100% natural** and environmentally safe and also assures the product effectiveness as certified by external labs. The Natur range is a testimony of the Wpro care for the environment and respect for the user.

WPRO IS COMMITTED TO ITS CONSUMERS:

All Eco labelled products are:

- Safe products with a very limited risk of allergy (allergen content equal or less than 0,1%).
- Non irritant and non flammable products.
- Reduction of packaging waste: trigger and bottle are recyclable.
- In line with the OCDE 302B standards, biodegradability of the detergent is over 95%.
- Cleaners made only from active vegetal agents.

PRACTICAL: quantity of product left is clearly visible.

ERGONOMICAL : The special design of our nozzle, enables the product to work also upside down, to reach the most difficult areas.
